8+ Years

Mobile Development

5 Years

Professional Experience

PROFESSIONAL SUMMARY

Results-driven Senior Mobile Engineer with 8+ years of experience and 5+ years of professional expertise building high-quality, scalable mobile applications. Proficient in Flutter, Dart, Kotlin, and Jetpack Compose, with hands-on experience delivering consumer and enterprise-grade apps across fintech, social media, EdTech, and productivity domains. Skilled in integrating AI models (ChatGPT, Gemini), architecting cloud-backed systems with Firebase and AWS, and delivering end-to-end solutions from UI/UX implementation to REST API consumption. Also experienced in full-stack web development with Python (Django), React, and Next.js, as well as workflow automation using n8n. A collaborative technical leader who thrives in cross-functional environments and consistently ships features that are performant, maintainable, and user-centric.

PROFESSIONAL EXPERIENCE

Software Engineer, Mobile

Metarelic Studio Feb 2023 – Present | Grenada (Remote)

- Built intuitive, engaging, and progressive user interactions for flagship mobile applications.
- Delivered well-defined features of small to medium complexity consistently and on schedule.
- Debugged and resolved issues across development, testing, and production environments.

Freelance Flutter Developer

Mind2Matter Dec 2024 – Oct 2025 | United States (Remote)

Digital Software Development Agency

- Delivered Flutter-based mobile solutions for clients across the agency's digital portfolio.
- Collaborated closely with design and product teams to translate requirements into functional, polished applications.

Lead Mobile Developer

Larvabox Limited Aug 2024 – Oct 2025 | Nigeria

- Lead development of high-quality Flutter applications from architecture through delivery.
- Collaborated with cross-functional teams to define, design, and ship new product features on schedule.
- Optimised app performance, responsiveness, and stability; identified and resolved critical bottlenecks.
- Maintained code quality standards and contributed to CI/CD automation workflows.

Lead Mobile Developer

Acceede HQ Sep 2022 – Jan 2023 | Nigeria

- Converted UI/UX designs into functional, production-ready mobile applications.
- Developed reusable component libraries used across the product ecosystem.
- Consumed REST APIs and JSON data; implemented GetX for state management.

Mobile App Developer

Corefans HQ Mar 2022 – Jul 2022 | Nigeria

- Built mobile features for an artist-focused fan engagement platform.
